

PROJECT FLOW

IBM Cloud Account

The screenshot displays the IBM Cloud Dashboard interface. At the top, a browser window shows the URL <https://cloud.ibm.com>. The dashboard header includes the IBM Cloud logo, a search bar, and navigation links for Catalog, Manage, and the user's account (Jeeva Velan's Account). The main content area is titled "Dashboard" and features a "For you" section with several service tiles:

- Build**: Explore IBM Cloud with this selection of easy starter tutorials and services. (Recommended, 2 min)
- IBM Cloud App ID**: Use IBM Cloud App ID to easily add authentication to web and mobile apps with zero code changes and no redeploy required. (Getting started, 10 min)
- Discover the Watson Internet of Things (IoT) Platform**: Use the built-in web console dashboards to monitor your IoT data and analyze it in real time. (Getting started, 10 min)
- Build and deploy Node.js apps**: Go from zero to production in minutes with your Node.js applications, integrate with Watson and other services, scale your microservices. (Recommended, 15 min)
- Explore**: Try out a to get yo Cloud or help you with more complex scenarios. (Getting started, 10 min)

Below the "For you" section, there are three main areas:

- User access**: Manage users. Enter email addresses below to jump directly into the invite user setup.
- News**: View all. Includes articles like "TrustRadius Best Software: Five IBM Offerings to Make the List" and "Announcing IBM Cloud Pak for Network Automation".
- Planned maintenance**: View all.

A user profile dropdown menu is visible on the right, showing the user's name "Jeeva Velan" and options for Profile, Log in to CLI and API, Privacy, Change theme, and Log out.
