

# PROJECT FLOW

## IBM Cloud Account

The screenshot displays the IBM Cloud dashboard interface. At the top, the browser's address bar shows the URL `cloud.ibm.com`. The dashboard header includes the IBM Cloud logo, a search bar, and navigation links for Catalog, Manage, and the user's account (Aravind Girish's Account). A user profile dropdown menu is open on the right, showing options like Profile, Log in to CLI and API, Privacy, Change theme, and Log out.

The main content area is titled "Dashboard" and features a "For you" section with several recommended tutorials and services:

- Build**: Explore IBM Cloud with this selection of easy starter tutorials and services.
- Discover the Watson Internet of Things (IoT) Platform**: Use the built-in web console dashboards to monitor your IoT data and analyze it in real time. (Getting started, 10 min)
- Set up your IBM Cloud account**: Learn how to set up your IBM Cloud account, manage your account settings, organize resources, and control access to those resources. (Getting started, 10 min)
- Getting started with Watson Discovery**: Learn what Watson Discovery has to offer and how to use it in this mix of tutorials, deep-dive videos, and code. (Recommended, 2 hr)
- Build an app**: Go from... in minutes with your Node.js applications, integrate with Watson and other services, scale your microservices. (Recommended, 15 min)

Below the "For you" section, there are three main tiles:

- User access**: Manage users
- News**: View all. Includes articles like "TrustRadius Best Software: Five IBM Offerings to Make the List" and "Announcing IBM Cloud Pak for Network Automation".
- Planned maintenance**: View all

The bottom of the screen shows the Windows taskbar with various application icons and the system clock indicating 10:57 PM on 04-Nov-22.
